

Multipanel wall panels are now available through Topps Tiles

Multipanel wall panels, the leading brand of bathroom wall panels in the UK, are now available through Topps Tiles.

The partnership between Topps Tiles and Multipanel comes at a time of demand increase for large format tiles/porcelain and shower panels from Topps Tiles' customer base. General tradespeople account for over half of Topps' sales, driving the demand for a panel offering, and as the UK's best-selling bathroom wall panel, Multipanel are the considered choice for the retailer.

This exciting partnership means that 12 of Multipanel's most popular decors will be available both online and throughout 20 Topps Tiles stores nationwide, with a rollout to further stores expected in the coming months.

John Mortimer, Sales Director, Multipanel, said:

"We are delighted to be partnering with Topps Tiles to bring our bathroom wall panels to a more diverse market—it's a hugely important step for our business. Topps Tiles is one of the leading tile retailers in the UK, offering homeowners, tradespeople and architects a wealth of options for bathroom interiors.

Introducing Multipanel bathroom panels to Topps Tiles' product offering demonstrates the growth in popularity of bathroom wall panels, due to the many benefits of opting for panels for bathroom interiors. We are delighted to be bringing a range of decors into Topps Tiles

stores, and online, and look forward to developing our partnership with Topps Tiles further in the future.”

Multipanel bathroom wall panels provide a durable, versatile and easy solution for bathroom interiors, as a modern and sustainable alternative to traditional tiles. They provide a 100% waterproof surface, are grout-free, quicker to install, and last longer—all without compromising on style.

Choosing Multipanel panels instead of tiles, positively contributes to accelerating home completion timescales, as well as reducing snagging issues, as bathrooms can be ready to use within 24 hours as opposed to 3-5 days with tiles. The fast, grout-free installation of Multipanel wall panels makes for a modern, stylish and practical alternative to tiles—a favourite with homeowners, bathroom installers, and specifiers in the housing sector.

Multipanel bathroom wall panels are available in a range of surface designs, including marble, granite, wood and tile effect.

Note to editors

Manufactured in Edinburgh, [Multipanel](#) is the UK’s best-selling bathroom wall panel, and a sustainable and modern alternative to bathroom tiling.

The fast, grout-free installation of Multipanel wall panels makes them a modern alternative to tiles and a favourite with homeowners, bathroom installers, and specifiers in the housing sector.

Over 8,000 Multipanel wall panels are manufactured each week at the company’s factory in Edinburgh, which are distributed throughout the UK and Northern Europe through merchants, bathroom showrooms and leading online retailers.

Multipanel's new Tile Collection is the only tile-effect wall panel collection in the UK to hold both Made In Britain and Forest Stewardship Council® (FSC® 128180) certification. Its [bathroom wall panels](#), which come with a 30-year warranty, have a unique tongue and groove installation system, [Hydrolock](#) which allows profile-free installation.
