

Case Study: Social Housing

Foxhall Bathrooms

Established in 2016, Foxhall Bathrooms is a family-run, independent company operating in Felixstowe and surrounding areas. They offer a range of quality bathroom services including design, installation, and repair work. With over 10 years of experience in the bathroom and plumbing trades, they have fitted a wide variety of bathrooms from small toilet rooms to large opulent bathrooms.

The company have been using Multipanel for a few years to cover wet areas in bathrooms. With no waiting for grout to set, Foxhall Bathrooms saves hours of labour every week by continually choosing panels over traditional ceramic tiles.

“I’ve been using Multipanel for a good few years now, using around 20 boards a week,” says Steve Adams, Owner of Foxhall Bathroom. “We like the way we can carry on working as soon as we have fitted Multipanel, rather than waiting for grout to go off.”

Available in a wide range of luxurious finishes and textures, the grout free nature of our panels prevents mould and the need for rigorous cleaning—just a quick wipe down with warm

water and a non-abrasive mild detergent will keep panels in pristine condition.

“There are still a lot of people who have never heard of wall panelling, and I try to steer them towards it for ease of cleaning,” Steve continues. “I send customers to my local Wolseley showroom in Ipswich to choose from the great selection of wall panelling as well as Multipanel flooring, which makes it easy for them.”

“We like the way we can carry on working as soon as we have fitted Multipanel”

Steve Adams, Owner of Foxhall Bathrooms

Foxhall Bathrooms selected:

Waterproof wall panels from Multipanel’s Classic Collection in White Snow.

Social housing

Experience & expertise

When it comes to manufacturing products to achieve completely watertight low maintenance bathrooms, Multipanel are the industry experts.

With a history of innovation spanning over 135 years, Multipanel is at the forefront in manufacturing waterproof wall panels that enable housing professionals to create great looking, practical, waterproof interiors.

The ease with which our products can be installed, together with negligible ongoing maintenance, make our products a clear choice in the social housing sector.

Market leading

We produce 8,000 wall panels every week at our UK factory and have distribution centres throughout Great Britain and Northern Ireland, ensuring fast and effective production and delivery. The skill and commitment of our team has helped make us the market leader in the field of manufacturing for building interiors.
