

MULTIPANEL™

WALLS

ECONOMY RANGE

PRODUCT DATA SHEET

Multipanel™ Economy is made from 10mm rigid PVC with a decorative face. All panels have a tongue and grooved long edge.

Size/Weight

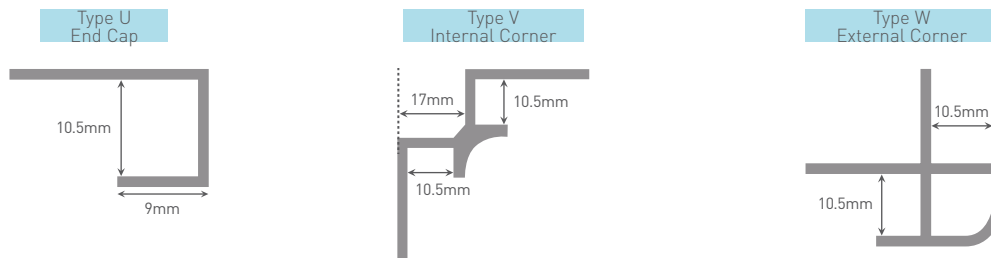

| | |
|---------------|---|
| Panel Size | 2400 x 1000 x 10mm |
| Panels/pack | 2 (individual panels available at a supplementary cost) |
| Pack Coverage | 2.4m ² |
| Panel Weight | 11kg |

Colours

6 colours are available to order from stock.

Accessories

Multipanel™ Economy PVC edge profiles 2.4m long are available in three profiles and three finishes: Silver, White and Black.

PVC sections are available in White, Black and Silver finishes. On silver profiles, a section of the white PVC is visible between the silver foil and the panel, and these are therefore not recommended with dark panels.

Cleaning

The panels should be cleaned using warm water and a non abrasive mild detergent (*not bleach*). Scouring products or powders should not be used.

Fire Rating

Multipanel™ Economy carries a class 1 surface spread of flame fire rating.
